Common-Sense Tax Reform...

A federal law is proposed which, in the words of the Bremerton, Wash., Sun, "...would force government spending programs to compete with a tax reduction program for each year's newly-created income. Federal free spenders would have to justify their programs in the face of taxpayers' expectations of promised tax relief."

This law has been given a tremendous amount of support by groups and organizations of almost every kind. It is known as H. R. 8452, and has been introduced by Representative Sadlak of Connecticut. Over a five-year period, it would reduce the top individual income tax rate from its present peak of 91 per cent to 42 per cent, and the corporation rate from 52 per cent to 42 per cent. The rates in all brackets, including the very lowest, would be equitably cut. For instance, the existing base rate of 20 per cent would be lowered to 15 per cent.

The government would not be deprived of needed revenue. Mr. Sadlak has presented extremely well documented studies and tables which show that expected increase in federal income resulting from stimulated economic activity would more than offset losses due to the reduced tax rates.

Finally, the Sadlak bill is definitely not a "rich man's" tax measure. The greatest total of tax relief — 60 per cent — would accrue to people with taxable incomes of \$6,000 a year or less. Only 17 per cent of total tax relief would fall in brackets of \$20,000 or more. To quote the Bremerton Sun again, "Small wonder that Sadlak's bill is called the first common-sense plan for tax reform in nearly 30 years."

WHICH ROAD, SON?

"Agonizing Reappraisal" Needed...

Writing in Newsweek, Henry Hazlitt says that "There is no economic problem whatever to stopping inflation." But, he goes on, to stop inflation "...would involve not only courage in the monetary field but an 'agonizing reappraisal' of the labor policy of the last 25 years that neither the Republicans nor the Democrats, as a party, have the courage to make."

What has happened is that increases in the cost of labor — that is, in wages, fringe benefits, etc. — have far outrun increases in the productivity of labor. When that happens, business has no choice but to raise prices if it is to keep from going broke. And inflationary labor costs are the result of labor monopolies created by virtue of the unions' freedom from the anti-trust and other laws which apply to everyone else.

Fortune reports that "The appearance of a union of union organizers has caused some embarrassment among A.F.L.-C.I.O. officials." It is known as the Field Representatives Federation, and it wants recognition as a collective-bargaining agent. Officers of the big union are said to be regarding its demands with cold eyes.

Bear Lake News By M. D. the Roving Reporter

So I am in the dog house for missing my article for a couple of weeks. The white flag was waved over the Furnaceys. I guess they are going to sell the drug store and go in the dairy business. And Dr. Man Mountain Dean Williams and wife had their fun too.

Things are quiet out here, but a few of the old reliables are here. Doris Ray and her sister, Jo Walters from Ortonville, are here for a week. Nick Douglas from Douglas grocery store checked in as usual. The news from Newman's corners, the Fosters are up, and one very happy couple. I saw Char Foster and her hubby-to-be. She is showing a sparkling little one. The news from the Fosters is that they tell me Doris, the girl who had the injured back two years ago, is Mrs. now. The nice boy who drove the ambulance is the Mr. Corbett. He is now a doctor. The boy riding the Shetland pony is Skip Newman, but it isn't a pony, only Big Boy his faithful dog.

We are not defectives out here, but we have a good idea who stole our meat, but who wants trouble, so if they will only return our trays, pots and kettles we will forget it, but we won't welcome them next year. But in all we had a very nice crowd, but we are sorry to say we did not make out so we could have anything for our hospitals, but let's hope we do better next year.

Now our new project, of course, is the women's bear hunt. If anyone wants to give a prize for advertising or would like to join us call Alphonse 8-4432. Our nephews, Mrs. Corbett has been working with us and will be back for the bear hunt.

The birthday party today was for Marg, our gal from Rapid City. The four little men who ate here over the weekend belonged to the Kenny Hixons. Ma and Pa Hixon took a vacation. They don't know it, we call Little Timmy Dr. Hixon now, Dentist!

But Bartlett and family and friends were up. Bud got out at 4 a. m. to win a bet if he could catch a fish. He said he did, one fish 10 hours later, and I mean one.

We all have been following the news about the plane tragedy in Lake Superior and you shake about the Buss Carriers. We have a warning spot in our hearts for them at this time. We have for three days, filming our Bear hunt last year, and we hope our friendship is deep enough and their grief will be laid aside long enough for them to be with us this year.

P. S. Eli and Gill saw seven pats today. I don't forget our date.

IN MEMORIAM In loving memory of our beloved son, brother and uncle, William Henry Bielecki, who passed away one year ago September 17. We miss you dear, every hour, especially this day. Your loving smile, your tender face, no one can fill your vacant place. Friends may think the wound is healed, but they little know the sorrow that lies within our hearts. Consider your loving mother and dad, sister, brother and family.

Twin Bridges

Mrs. Esther Horrick.

Mr. and Mrs. Rudolph Koepfen of Pinckney are up to their cabin. Mr. and Mrs. George Meybohn of Pinckney are up to do a little fishing.

Mr. and Mrs. John Burk and family are spending a few days at their cabin the "Windy Cliff".

Mr. and Mrs. B. J. Mundt and Mr. and Mrs. Fred Herrick were business callers at Houghton Lake and Roscommon one day last week.

Mrs. Jim Hoy of Sanford and daughter, Rose, came up Wednesday to see her parents, the B. J. Mundts. Mr. Mundt and party went across the Straits to Curtis on a few days fishing trip.

Sid Garrison of Detroit and Torch Lake was a Saturday caller on friends in Lovells over the weekend.

The Jensens of Detroit are up for the weekend.

Mrs. Maud Spear and Mr. and Mrs. William Jordan of Saginaw visited the Bud Bollmans.

St. Francis' Episcopal Guild met at the home of Mrs. Carl W. Johnson on Park Street Tuesday night of this week. The Rev. and Mrs. Colin Campbell attended the meeting and gave reports on their studies at the two day conference of the Woman's Auxiliary held at Last Lake Woods Club near Alpena last week. Mrs. Fred Bear and Mrs. Larry States, who attended the conference with the Campbells presented reports also. Church activities and programs for the coming year were discussed at the meeting and the plans for St. Francis' annual Xmas Tree and Gift Sale, to be held Tuesday, December 3rd, are well underway.

OREGON WEDDING OF INTEREST HERE

In a double ring ceremony Saturday, Aug. 3rd, Miss Dica Louise Roberts became the bride of Carl W. Goshorn, Jr., in an evening service read by Rev. A. C. Gimes at the First Assembly of God Church at Coquille, Ore. She is the daughter of Mr. and Mrs. A. V. Roberts. He is the son of Mr. and Mrs. Carl Goshorn, Sr.

Given in marriage by her father, the bride was attended in ballroom-length gown of white lace over taffeta, fashioned with long sleeves. Her flowers were gladioli centered in carnations with stephanotis. The couple will make their home in Neah Bay, Wash.

CARD OF THANKS

I want to thank all my good friends and neighbors for their cards and flowers, also the nurses and Dr. Henig, while I was in the hospital.

At a session of said Court held
at the Courthouse in the City of
Grayling, in said County, on the
8th day of August, 1957.
Present: Hon. John C. Shaffer,
Circuit Judge.

On reading and filing the bill
of complaint in said cause and
the affidavit of Charles E. Moore
attached thereto, the Court is
satisfied that the defendants are
satisfactorily appearing to the court
that the defendants above named,
or their unknown heirs, devisees,
legatees and assigns, are proper
and necessary parties defendant in
said cause, and

It further appearing that after
diligent search and inquiry it
cannot be ascertained and is not
known whether said defendants
are living or dead, or where they

Pictured above are two scenes taken on the third annual camping and fishing trip into Canada by the Boy Scout Troop 76 and the Explorer Post 72 of Frederic. On the left a friendly game of checkers gives these lads something to do around camp; on the right, most of those on the trip gather for a group photo.

As per usual after a couple of
successful outings the boys begin
planning another with hopes of it
being a bigger and better outing
than the previous one. Which in
these cases have proven that plan-
ning and enthusiasm to make each
trip better than the previous one
has been proven in these trips.

The 10th day of August Dale
Redman (Explorer Advisor) and
Scout Ben Redman and Explorers
Paul Bradstreet, Mitch Thomp-
son and Ben Pratt with one large
tent, one boat and motor plus
some of the cooking equipment
went on the trip. The trip was
for an unknown camp site about
24 miles north of Thessalon, Ont.
It was just a trail road on the map
passing a couple of small rivers
which we figured could be used
for a source of drinking water.
The lake was noted for Northern
Pike. The camp was to be set up
and ready for the remainder of
the Scouts and Explorers that
were to leave Frederic, Aug. 13.

Then about 6:30 a. m. Aug. 13,
we began gathering at the Town
Hall. Drivers for the trip were
Morden Post, Jim Rouse, Dave
Midkiff and Bartlett Cross. These
cars had been loaded with three
boats, three outdoor motors and
one canoe the previous night plus
the tents, cooking equipment and
some food supplies, so by 7:00 a.
m. every car was loaded and
ready.

Among these passengers were
Scouts, Fred Allen, Jim
Midkiff, Neil Jones, Gordon Arm-
strong and John Cross and Ex-
plorers Gary Piippo, Bill Johnson,
Dave and Bob Midkiff, Steven

After a good night's sleep, and
a clear sky the morale was high
several went fishing, others fin-
ished improving the camp site.
The remainder of the trip was
spent by fishing, hiking and
portaging. Although disap-
pointed with pike fishing as it
appears they weren't striking, but
we caught several, and some of us
tried our luck at trout fishing
and were very successful consid-
ering we weren't equipped for
trout fishing. But with rod, reel
and an old can full of worms we
were able to catch several, and
it reminded us adults of our
younger days, but we had fun,
checkers and other games of skill
trout fish fry that was the most
enjoyable meal of the trip.

The trip was divided into two
groups and on Friday one group
traveled to Blind River, and tour-
ed the largest White Pine saw
mill in the world, then spent part
of the day in this lumbering town
which reminded us of the stories
we hear and read about our near-
by Ghost town of Deward.

The only difference we detected
was that all the people were
speaking French. The remaining
group toured the saw mill on Sat-
urday and enjoyed it equally as
well.

While the boys were in camp
their idle time was spent playing
horse shoes, softball catch, chess,
checkers and other games of skill
that the boys had brought along,
plus helping with the cooking and
setting up camp clean.

We had the honor of being visit-
ed by Conservation Officer St.
Johns of Thessalon from whom
we obtained lots of valuable in-
formation for future use. We
expect more as several of the boys
were planning another before we
broke camp.

Well, Sunday morning, and time
to pack for the trip home. Every-
one arose early and after a hearty
breakfast, the adults began shav-
ing their five day old beards, the
boys began cleaning up for their
adventures and packing their gear.
We were all packed and ready to
leave at 9:00 a. m. It was a very
nice day, and we made it to St.
Ignace by lunch time, after a short
stop at the Ferry where we were
in the lower peninsula, and on our
last lap of the trip. We arrived in
Frederic about 5:30 P. M., another
successful trip, none the worse for
wear and tear. Just one blown
tire, two badly torn mufflers, and
lots of experience both adults and
scouts will remember for years to
come.

Just a note in case some readers
are curious as to how the money
is obtained for these trips. It is
earned by the Scouts and Explor-
ers by money earning projects
during the previous year. Those
accompanying on these trips that
do not furnish transportation re-
imburse the treasury with their
share of the expenses.

Navy Offers Test For Scholarships

Applications are now available
for the Navy's twelfth competitive
examination for its nation-wide
NROTC college training program,
according to a recent announce-
ment by the Navy Department.
The mental examination is sched-
uled for December 14, 1957, and is
open to all high school seniors and
graduates who can qualify.

The deadline date for receipt of
all applications is November 16,
1957. The Navy stated.

Successful candidates will start
their Naval careers in colleges
and universities across the coun-
try in 1958, with substantial fi-
nancial assistance from the govern-
ment. After a normal college
education, graduates will be com-
missioned as regular officers in the
Navy or Marine Corps, for ac-
tivity duty with the Fleet
throughout the world. For those
who apply and qualify, assign-
ment to flight training will open
new careers in naval aviation.

Male citizens of the United
States between the ages of 17 and
21 are eligible to apply for the
aptitude test. Persons attaining a
qualifying score will be given the
Navy's rigid midshipman physical
examination next February. From
the pool of qualified candidates
approximately 2,000 young men will
be selected for appointment as
midshipmen and will enroll in one
of the 62 colleges of their choice
where a Naval Reserve Officers
Training Corps Unit is located.

College men enrolled in the
Regular NROTC program will
spend part of three of their sum-
mer vacations on training cruises
with the Fleet, and will receive a
\$600 annual retainer pay until
commissioned. In addition to the
normal college curriculum, the
midshipmen will study a planned
course in naval science. All tu-
ition, fees, and books will be fur-
nished by the Navy.

Applications for this program
leading to a commission in the naval
service, are available from Mr.
Sherry, principal of Grayling
High School, or from the nearest
U. S. Navy Recruiting Station.
Information has been provided
with specific information concern-
ing the NROTC program and will
furnish information bulletins to
any interested student.

Flower Gardens About The County

By Polly Mikeroll

I wonder how many people in Grayling are aware that there is a small plot of ground right smack in the middle of one of the business blocks which is like an oasis of quiet and charm in contrast to the pavement and bustle which are within only a few feet of it?

This garden does not conform to the idea that Bob Hayes and I are trying to promote; namely, to present an appearance of pride to all who visit our county, an appearance of pride and welcome which either stops the passerby and arouses his curiosity about a town which takes such pride in itself, or makes him file it away in his memory as one of the places he will certainly come back to again.

This garden does not conform to that idea simply because it cannot be seen by everyone. It is located at the rear of the Grayling Agency office. The layout is extremely simple, roughly a fifteen by twenty-five foot carpet of immaculate lawn. At the far end of it are three or four cedar trees, placed along one side. A border of solid purple petunias runs around the lawn. All this makes a sort of frame for the huge trellis of Heavenly Blue morning glories which balance the cedars on the opposite side of the garden. The whole area makes an unusual picture because of its simplicity and the choice of colors used in it. But this is what a picture of coolness it provides on one of our hot summer days. And when summer has gone and the flowers are cut down by frost, the cedars remain evergreen when everything else has turned into the brown of winter sleep.

This garden does not conform, and yet it is the idea behind it which conforms exactly. It is the extra something, effort certainly, artistic talent, chutzpah, definitely pride in one's location, which proclaims the town's opinion of itself louder than any billboard could do.

Legion Auxiliary News

The American Legion Auxiliary Unit 108 of Grayling held its regular business meeting Tuesday, Sept. 10, at the Legion Hall. Twelve members were present.

Treasurer Ann Smith was installed in her new office by past president Beryl Moore.

Auditing Committee Chairman Edwina LaChapelle gave a report for the year. On the committee with Mrs. LaChapelle were Mrs. Robert Sorenson and Mrs. J. L. Martin.

Secretary Mrs. Leo Jorgenson gave her report on the Sports Car banquet. President Mrs. Larry Balch gave a report on the convention at Grand Rapids.

The president and secretary will go to Lansing for the fall conference October 11 and 12, where they will attend one day of school.

The next meeting will be a social meeting Tuesday, September 24th.

SECRETARY OF STATE HOLDS MEETING HERE

An all day meeting and luncheon of all Branch Managers of the Michigan Department of State from Bay City north was held at the Shoppens Inn Tuesday, September 10th. State Department Branch Manager Earl Burns was in attendance locally. The purpose of the gathering was to review laws passed in the last session of the State Legislature which apply to the State Department, and to receive instruction in the application of the new laws.

There were 54 present at the meeting. Secretary of State James M. Hare was on hand in the afternoon.

Two new regulations which will be in effect soon are: first, effective September 27th, 1957, any car title not transferred within ten days of sale will cost \$6.00 instead of \$1.00. In other words, there will be a \$5.00 additional transfer fee if the transfer is delayed longer than ten days. This applies on person-to-person used car sales, not on dealer sales. Second, beginning with the 1958 license plates, the plates will belong to the person, and not to the car, in case of re-sale of the car during any one year.
